

STUDENT STORY

Fiona Tuckey

Qualification:

Bachelor of Social Work
and Bachelor of Laws

Why did you choose your degree and what do you enjoy the most about it?

I initially chose to do a social work degree because I thought it would be interesting and manageable with young children. Now I have used it as a stepping stone towards a law degree. I hope this will be rewarding.

What has been your learning journey to date?

On my learning journey, I have been supported every step of the way by the CUC. The staff's kindness, support through my placements and academic skills help are greatly appreciated.

How important is having the CUC in your local town to you and why?

I am incredibly isolated and I do not have a quiet place to study at home. The facilities here have been invaluable to me. Being isolated and having poor internet access at home at times has made the CUC so invaluable to me. I also had trouble finding worthwhile placements. CUC staff helped me through these disappointments.
